Updated St Mary's App

8 September 2020

Dear Parent/Carer

We have been using the present school smart phone app for some time now with great success. Unfortunately, the Edtap app does not support online bookings or online payments. Therefore, we will be moving to a new more sophisticated app which will enable parents to make online payments and bookings for school meals etc. It will remove the need to send cash to school.

The new app, developed by Business System Solutions (NI) Ltd Education, works in a similar way to the previous Edtap app but enables online payments and bookings.

Please download the app to your phone or tablet from Goggle or Apple stores. **Please do not uninstall the Edtap app yet.** It is our intention to stop using the Edtap app after the Halloween break.

The app is developed by Business System Solutions (NI) Ltd Education and can be found at the link below or be clicking the link on our website.

Please make sure you choose the Business System Solutions (NI) Ltd Education app.

A step by step instruction video has been uploaded to the school website to assist with the setting up of the app. Please click on the link below to access the video. Please make sure you complete the full registration to access the full features of the app.

Messages will be sent on both apps until Halloween after which the new app will only be used. You will be able to uninstall the Edtap app then.

Thank you for taking time to download the app.

Yours sincerely,

D O'Hagan
